Subject: 2009 Audit Committee Report

The Audit Committee has reviewed the financial records of the North Central Branch (NCB) of the Entomological Society of America for the period October 2007-December 2008. The report by David Ragsdale, Secretary-Treasurer for the NCB was complete, accurate, and well organized. The committee commends Secretary-Treasurer Ragsdale for his thoroughness and attention to detail in putting together the report.

The committee also noted that NCB officers and some committee chairs did not expend all of their allocated travel or other support budgeted for them, which helped to keep NCB ESA expenses at a minimum. We would like to acknowledge these individuals for their "in-kind" contributions to the Society. The committee was pleased to see our branch remains in solid financial standing, with a significant balance in the reserve funds.

Respectfully Submitted,
